Great for groups of all shapes and sizes

ZSL London Zoo

Probably the world's most famous zoo, ZSL London Zoo has been entertaining and delighting groups since it opened to the public in 1847. With over 720 animal species,

exciting and innovative new exhibits and heritage-listed buildings almost as famous as their inhabitants it's a great day out in the capital for groups of all ages and sizes.

London's only Penguin Community Penguin Beach Launches end of May, 2011 at ZSL London Zoo

Our penguins are getting a new and improved home in 2011. Penguin Beach will recreate a South American beach landscape in the heart of London, with stunning colonies of around 200 Macaroni and Humboldt penguins.

The new exhibit features a larger pool with underwater viewing areas so you can see how our flippered friends fly under the waves. And a larger demonstration area with covered seating turns feeding time into an even bigger spectacle than before!
